Description

Issue Description:

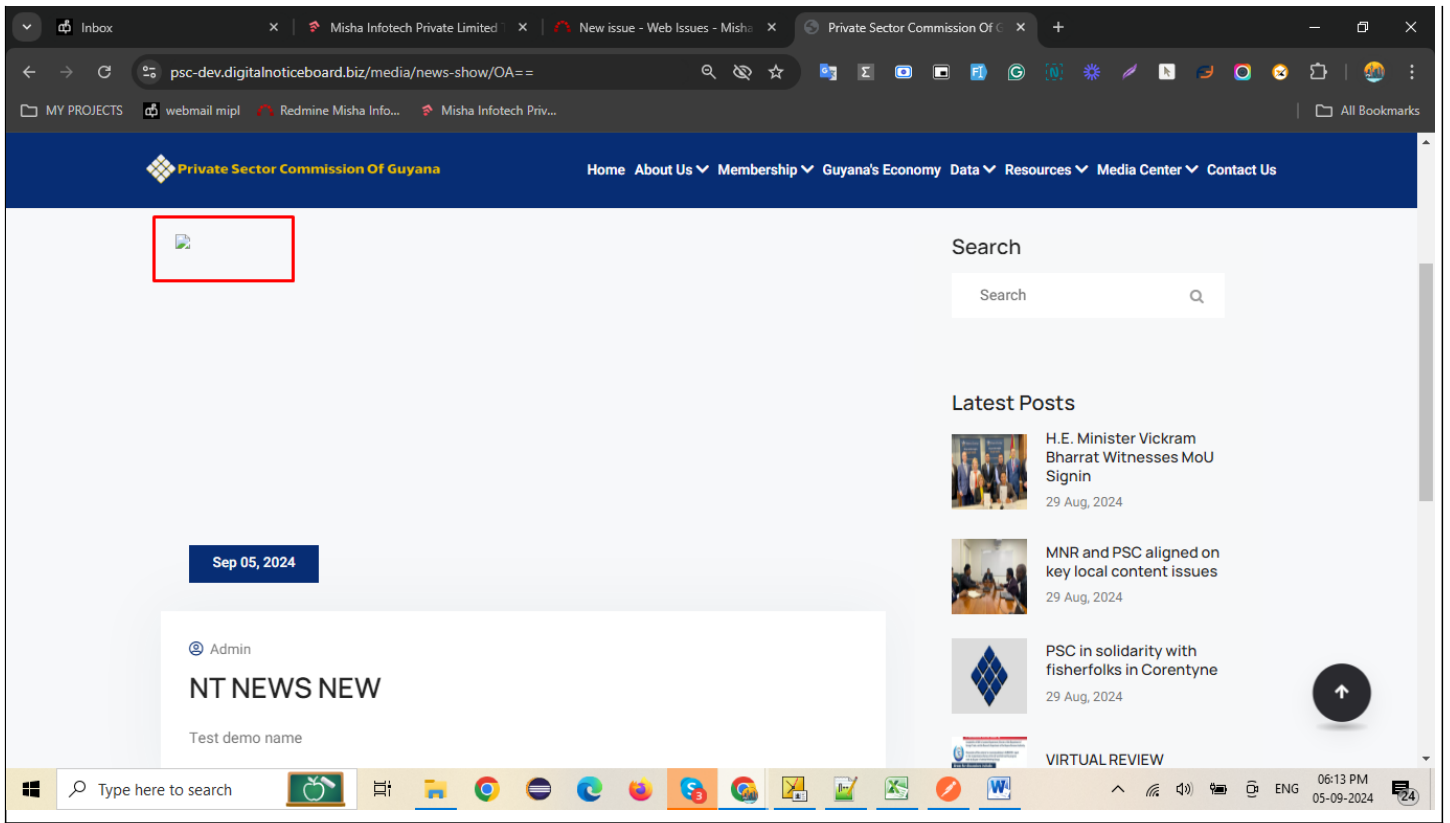

File type should be mentioned on the admin side, because I am able to add pdf, csv and xlxs file in the news section

See attached screenshot:

The screenshot displays the 'Update News' form in the PSCGY Admin interface. The form has the following fields and elements:

- Title ***: A text input field containing 'NT NEWS NEW'.
- Files**: A file upload section with a 'Choose Files' button and the text 'No file chosen'. This section is highlighted with a red box.
- Content ***: A rich text editor containing the text 'Test demo name'. Below the text is a redacted area with a PDF icon and a 'Delete' button, also highlighted with a red box.
- Status ***: A dropdown menu set to 'Active'.
- Update**: A blue button at the bottom right of the form.

The interface includes a sidebar with navigation options like Users, Members, Data, Resources, Media Center, Membership, About us, CMS, Queries, Authorization, Settings, and System. The browser address bar shows the URL 'psc-dev.digitalnoticeboard.biz/admin/media-center/news/8/edit'.
