## Description

Issue Description:

1. No need to show back-end code on the front-end side
2. correct the form icon
3. After submitting the contact-us form then all backend codes is showing

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL `wasco.swadhasoftwares.com/contact-us`. The page features a 'Get In Touch' form on the left and 'Contact Information' on the right. The form has fields for Name (filled with 'Test'), Email (filled with 'test@yopmail.com'), and Phone (filled with '8484898943'). A message field contains 'Heeloo' and has a red box around it with an error icon. Below the form is a 'SUBMIT' button. A red box at the bottom of the form contains the following error messages: `[{"message":"The message field is required."},"errors":{"message":["The message field is required."]}]`. The 'Contact Information' section lists phone numbers for various locations and an email address `wasco@candw.lc`. Below that is a 'Follow The Social Media:' section with icons for Facebook, Twitter, LinkedIn, and Instagram. The browser's taskbar at the bottom shows the Windows logo, search bar, and various application icons. The system tray shows the date and time as 03:04 PM on 29-10-2024.
