## Description

Issue Description

add scroller on this page

See attached screenshot/screen Record:

The screenshot shows the WASCO Admin interface. The top navigation bar includes the WASCO logo and the user name 'Veer Singh Administrator'. The left sidebar contains a menu with items like 'Dashboard', 'About Us', 'Articles', 'Enquiries', 'Our Services', 'News and Updates', 'Work In Progress', 'Services', 'Media', 'Help & Advice', 'No Water / Low Pressure', 'Find a Plumber', and 'Careers'. The main content area is titled 'FAQ List' and features a search bar and a table with 8 entries. The table columns are 'S.No.', 'Title', and 'Description'. The entries are as follows:

S.No.	Title	Description
1	Why might my water be white or have white particle...	This is likely to be caused by trapped air in the pipework or dissolved chalk particles. What
2	Search for a plumber in your area	Disclaimer - please read Please note, when we compiled the information on our approved p
3	Why might my water have a 'TCP' taste or odour?	This can be caused by chlorine in tap water reacting with particular substances or material
4	Find a plumber	Whether you have a dripping tap, need a burst pipe repaired, or a new plumbing system ins
5	What can I do to solve the problem?	If the property has been unoccupied for some time then run your cold kitchen tap for appr
6	Why might my water be brown, orange or yellow?	The most common cause of brown, orange or yellow water is iron particles suspended in yo
7	Why might my water have an earthy or musty taste?	This is often caused by high numbers of harmless micro-organisms, particularly fungi. Micro
8	What does this mean?	Air can get into the water supply following a repair on our water pipe network, or by a pocke

## History
