Description

Issue Description

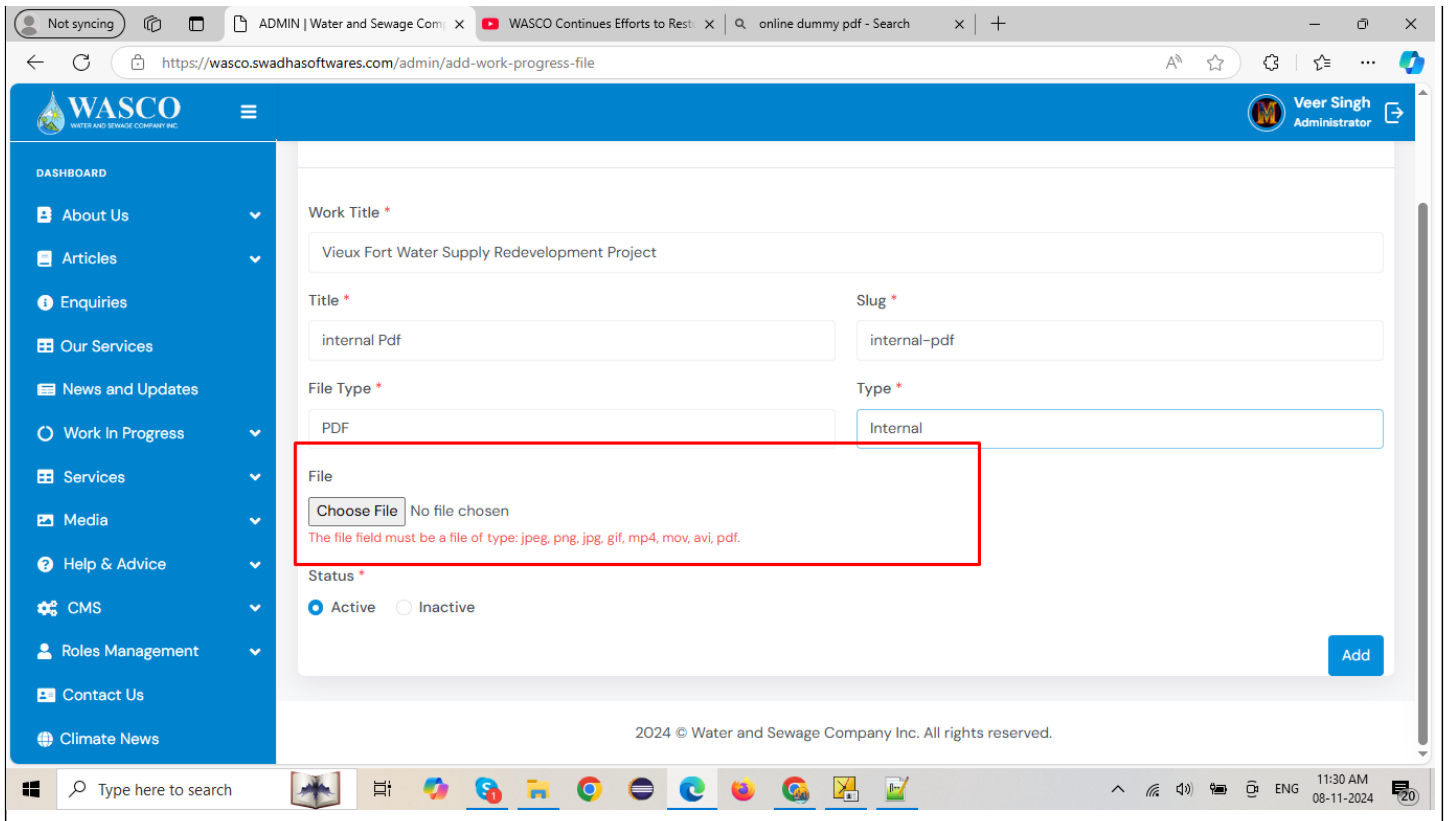

If I add or update a file with an invalid format, the page refreshes, but the validation message doesn't appear. When I select "file & type," the file format validation becomes visible.

See attached screenshot/screen Record:

The screenshot shows the WASCO Admin interface. The left sidebar contains a navigation menu with items like Dashboard, About Us, Articles, Enquiries, Our Services, News and Updates, Work In Progress, Services, Media, Help & Advice, CMS, Roles Management, Contact Us, and Climate News. The main content area is titled 'Add File' and contains a form with the following fields:

- Work Title *: Vieux Fort Water Supply Redevelopment Project
- Title *: internal Pdf
- Slug *: internal-pdf
- File Type *: Select File Type (highlighted with a red box)
- Type *: Select Type
- Status *: Active Inactive

An 'Add' button is located at the bottom right of the form. The footer of the page reads '2024 © Water and Sewage Company Inc. All rights reserved.' The browser's address bar shows the URL 'https://wasco.swadhasoftwares.com/admin/add-work-progress-file'. The Windows taskbar at the bottom shows the search bar and several application icons.
