

PTCCB - Frontend - Bug #11522

Product Registrations application page> the search icon is not displaying properly, and it should search the data as you type. Currently, I have to click the search icon for it to search the data.

Description

The screenshot shows a web application interface for the Pesticides and Toxic Chemicals Control Board. The main content area is titled "Radioactive Sources Registration" and includes a search bar with the text "ihhj" and a search icon (magnifying glass) highlighted by a red box. The search icon is not displaying properly. Below the search bar is a table with columns: Serial No, Company, Application No, Applied On, Status, and Action. The table currently displays "No Records To Display".
