

## Milisto - Bug #11619

I added a story with three pictures attached, then deleted the first image, but the deleted image is still showing on the story frontend.

### Description

The screenshot shows the Milisto mobile app interface. At the top, there's a navigation bar with 'Home', 'Gift Registry', 'Group', and 'Settings'. A search bar is present with the text 'Search for people, pages, groups and #hash'. Below the navigation bar, there's a 'Stories' section. A story is displayed with three images: a person holding a phone, a close-up of bread, and another image. The first image is highlighted with a red box. Below the story, there's a post by 'Priya' with the text 'What's going on? #Hashtag. @Mention. Link.'. There are options to 'Upload Images', 'Create Poll', 'Upload Video', and 'More'. A 'Good morning, Priya' message is also visible. On the right, there's a profile card for 'Priya @Priya' with 1 post, 1 following, and 0 followers. Below that, there's a 'People you may know' section with profiles for 'Veer Singh' and 'amit tomar', each with a 'Follow' button. On the far right, there's a 'Chat' section with a contact named 'Eric Head'.

Steps you can follow :-

1. Add one story with 3 images
2. Then after adding story delete 1st image
3. Then check on story page, it will still show 1st image
