Description

Issue Description

Home -->Production --> Designing issues (serial number should in alignment)

See attached screenshot/screen Record:

The screenshot shows the 'Production Details' page in the Koco Cafe POS system. The page has a header with navigation links (POS, Add Purchase, Today's Summary, Register Details, Check-in/Check-out) and a user profile (Admin User Super Admin). The main content area displays a table with the following data:

Reference No	Date	Ingredients
000001	03/12/2024	
1		pre made food test (003)

A red box highlights the 'SN' field in the first row, and a red arrow points to it from the left. Below the table are 'Edit' and 'Back' buttons. The footer of the page shows 'Koco Cafe' and 'Version 7.1'.
