Description

The screenshot shows a Google Slides presentation titled 'Test review IOS 1 .PPTX'. The main slide displays a mobile app interface for editing a sponsor. The interface includes a 'DONE' button, a 'Remove name. This came when tapped on edit a sponsor' callout, a 'Sponsor name' field with a red 'X' over it, a 'Link' field with the value 'Luisgo.se', and a 'Redigera sponsor' button. A red box on the right says 'QA Comment - Not Fixed'. A chat bubble from Priyanka Sharma says 'You have removed group name. Only label name for group & link should remove. Check android for reference'. The bottom of the slide shows a Windows taskbar with various application icons and the system tray.
