The image is a screenshot of a web browser displaying the Orthocare website. The browser's address bar shows the URL 'orthocare.netlify.app/new-assessment'. The website's header includes the Orthocare logo on the left and navigation links for 'Home', 'Symptoms Checker', and 'About' on the right. A yellow warning banner at the top right states 'Please select Choose Your Gender'. On the left side of the page, there is a vertical sidebar with four menu items: 'Patient Info', 'Symptoms', 'Assessment', and 'Result'. The 'Patient Info' item is currently selected, indicated by a blue highlight. The main content area of the page is titled 'Choose Your Gender' and contains two large, light blue buttons labeled 'Female' and 'Male'. At the bottom left of this area is a blue back arrow, and at the bottom right is a blue 'Next' button. The browser's status bar at the very bottom shows system information, including a 'Low visibility' warning, the Windows taskbar with various application icons, and the system clock indicating the time is 2:26 PM on 12/19/24.
