## Description

The screenshot shows a web browser window displaying the Orthocare Admin dashboard. At the top, a notification banner reads "We have encountered an error in Speech Recognition Service, please try again. Error Code: 1002". Below this, a "Successfully Logged In" message is shown with a green checkmark and a close button (cross icon) that is not centered. The dashboard includes a sidebar with navigation options like "User Management", "Symptoms Management", and "Settings". The main content area features a greeting "Hey Admin, Hope you are doing Great!" and several data cards for "Registered Users", "Un-Registered Users", "Completed Assessments", and "Un-Completed Assessments". A "Symptom Activity" bar chart and a "Recent Assessments" list are also visible. The Windows taskbar at the bottom shows the time as 11:21 AM on 1/15/25.
