Target version:		Spent time:	0.00 hour

Description

The screenshot shows a web browser window at the URL `eb.digitalnoticeboard.biz/auth/loginformik`. The page features a 'Sign in' form with the following elements:

- EB Logo:** A shield-shaped logo with the letters 'EB' inside.
- Sign in:** A heading followed by the text 'Please login to continue to your account.'
- Email:** A text input field containing the email address `shubham.j.mipl@gmail.com`.
- Password:** A password input field with a masked password of 10 dots and a toggle icon.
- Keep me logged in:** A checkbox that is currently unchecked.
- Forgot Password?:** A link for password recovery.
- Sign in:** A prominent orange button.
- Need an account? Create one:** A link for account creation.

A JavaScript error message is displayed in the top right corner of the browser window:

```
Cannot invoke "String.split(String)" because "storedPassword" is null
```

A red arrow points from the error message to the password input field, indicating the source of the error.
