Target version:			**Spent time:**	0.00 hour

Description

https://app.screencast.com/wSiB2LbHkorA8

Go to Knee Assessment and edit the result for the 5th question.
Add a 4-day duration option in the Post Assessment dropdown.
Check the frontend to ensure it shows a disabled Start Button with the date set to 19th, instead of showing an active Start Button with today's date.
Refer to the video for further reference.

History

#1 - 01/15/2025 07:13 PM - Shan Ul Habib

- Status changed from New to In Progress

this is not the issue admin side assessment is updated with 4-day but not getting updated data into user side because you already in assessment flow data is not updated realtime.
