Description

The screenshot shows the 'Certifications' page in a web application. A table lists a certificate with ID 6, titled 'React Course', issued by 'Google'. The 'Start Date' is 'January 17, 2025' and the 'End Date' is 'January 15, 2025'. Both date fields are enclosed in red boxes. A red arrow points from the 'End Date' box to a green success message 'Certificate added successfully' in the top right corner. The page includes a sidebar with navigation options like 'Dashboard', 'Training Records', and 'Certification', and a top navigation bar with a search bar and user profile.

The screenshot shows the 'Update Certification' modal form. The form contains fields for 'Select Authority', 'Select Certification', 'Start date' (with a calendar icon), 'End date' (with a calendar icon), and 'Status' (set to 'Inactive'). An 'Update Certification' button is at the bottom. A red 'X' is drawn in the top right corner of the modal, with a red arrow pointing to it and the text 'Add Cross button to close the pop-up'.
