Orthocare Client Portal - Bug #12530

After completing any post-assessment, I am unable to identify which symptom the post-assessment is related to if there are multiple assessments on My Symptoms page

Check this video attached
If I have taken 3-4 assessments in a month and one is scheduled as a post-assessment, after completing the post-assessment, it takes me to the 'My Symptoms' page, with the first symptom at the top expanded by default. How can I determine which assessment the post-assessment is associated with?

History

- Assignee changed from Shan Ul Habib to Bharat Dhall

#2 - 02/06/2025 12:44 PM - Shan Ul Habib

- Status changed from New to In Progress

As discussed with Bharat bhai now if post assessment will completed than user can redirect to Assessment screen by clicking button.
