Description

Refrigerant Gases Import License Application (Application "APP/2502/0017" of "Johar-Somayaji" on [Review](#)) - Submitted

[Download Appln.](#) [Clone Appln.](#) [Edit](#)

Guidelines

Guidance Note

A person may not import, sell by wholesale or retail; store, package or manufacture a pesticide or toxic chemical, unless that pesticide and toxic chemical is licensed by the Board.

A "toxic chemical" means any disinfectant or any other substance known to be poisonous, corrosive, irritating, sensitizing or harmful to man or animal that is used in agriculture, that arts, commerce or industry, or for any domestic or other purpose.

An application for a "Toxic chemical import license" can only be completed for "Registered toxic chemicals".

*Note to Importers

- All licenses are valid for six months from the date of issue
- Each shipment requires a new license
- All licenses are processed and completed, within 12 working hours of making complete submission of the applications and relevant documents (Commercial Invoice and Bill of Lading).
- Products that are listed on the application should be highlighted on the commercial invoice.
- Supplier name and address should match Commercial invoice and **NOT** Bill of Lading.
- Upon completion of the License, the Importer will be notified.

In the Refrigerant Gases Import License Application, the text currently reads: "An application for a 'Toxic chemical import license' can only be completed for 'Registered toxic chemicals'." This text is incorrect for Refrigerant Gases and needs to be updated.
