Description

Issue Description:

both buttons should be in alignment (Download Sample button should be middle Alignment of the upload Excel button)

See attached screenshot/screen Record:

The screenshot shows the 'Import Zone' page in a web application. The page layout includes a sidebar on the left with various menu items. The main content area features a header 'Import Zone' and a sub-section 'Zone'. Below the 'Zone' section, there are two buttons: 'Upload Excel' and 'Download Sample'. A red horizontal line is drawn across the buttons to highlight the misalignment. The 'Download Sample' button is positioned lower than the 'Upload Excel' button. At the bottom of the page, there is a green 'Import' button. The browser's address bar shows the URL 'https://consumeraffairs.digitalnoticeboard.biz/admin/zone/import'.
