Description

Issue Description:

After filtering, the active highlighted module should remain highlighted

See attached screenshot/screen Record:

The screenshot shows a web application interface for 'Consumer Affairs | Market List'. The browser address bar shows the URL: `consumeraffairs.digitalnoticeboard.biz/admin/market/filter?name=&zone_id=&sta...`. The interface includes a sidebar with navigation items: Dashboards, Users, Zone, Market, Categories, Brands, UOM, Commodities, Surveys, and Submitted Survey. The main content area displays a 'Market' filter form with the following fields: Name, Zone (dropdown), Status (dropdown), Start Date (13-02-2025), and End Date (22-02-2025). There are buttons for 'Filter', '+ Market', and 'Export'. A 'Search' button is highlighted with a red line, and a red line also points to the 'Market' item in the sidebar, illustrating the bug where the sidebar item is not highlighted after filtering.
