Description

Issue Description:

If the admin filters by active status, it changes to deactivate, and if the filter is set to inactive status, it changes to select status.

The screenshot shows a web application interface for managing categories. The top navigation bar includes a 'Filter' button, a '+ Categories' button, and an 'Export' button. Below the navigation bar, there are search and filter controls: a 'Name' search box, a 'Deactive' dropdown menu (highlighted with a red box), 'Start Date' and 'End Date' fields with date pickers, and 'Search' and 'Reset' buttons. The main content area displays a table of categories with the following data:
