Description

Issue Description:

Admin is able to upload category Excel sample files into the brand imports section and the brand is creating successfully

See attached screenshot/screen Record:

The screenshot displays a web application interface for managing brands. The main content area is titled 'Brands' and features a table with the following data:

S.No.	Brand Name	Status	Actions
1	Baba Brand	Active	<input checked="" type="checkbox"/>
2	Main Category	Active	<input checked="" type="checkbox"/>
3	My Category	Active	<input checked="" type="checkbox"/>
4	Main Category	Active	<input checked="" type="checkbox"/>
5	My Category	Active	<input checked="" type="checkbox"/>
6	Old Category	Active	<input checked="" type="checkbox"/>
7	New Category	Active	<input checked="" type="checkbox"/>

The interface also includes a sidebar with navigation options: Dashboards, Users, Zone, Market, Categories, Brands (highlighted), UOM, Commodities, Surveys, and Submitted Survey. The top right corner shows the user 'Admin' and a notification icon. The browser address bar shows 'consumeraffairs.digitalnoticeboard.biz/admin/brand/list'. The Windows taskbar at the bottom shows the time as 05:20 PM on 26-02-2025.

The screenshot displays a web application interface for managing brands. A green notification banner at the top right states "Brand Imported Successfully!". Below it, a table lists brands with columns for S.No., Brand Name, Status, and Actions. The table contains 7 rows of data. Below the web application, a Microsoft Excel spreadsheet is open, showing a table with columns for name, status, and image. The data in the Excel spreadsheet is as follows:

name	status	image
New Category	1	harpic.jpeg
Old Category	1	tide.jpeg
My Category	1	harpic2.jpeg
main Category	1	exo.jpeg
