Description

Issue Description:

After filtering, the active highlighted module should remain highlighted

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL `consumeraffairs.digitalnoticeboard.biz/admin/brand/filter?name=&status=&start_...`. The page displays a 'Brands' management interface. On the left, a sidebar menu lists various modules: Dashboards, Users, Zone, Market, Categories, Brands (highlighted with a red box), UOM, Commodities, Surveys, and Submitted Survey. The main content area shows a 'Brands' table with columns for S.No., Brand Name, Status, and Actions. Above the table, there are filter controls for Name, Status, Start Date (27-02-2025), and End Date (16-02-2025), along with buttons for Filter, + Brands, Import, Export, Search, and Reset. The user profile 'Admin Admin' is visible in the top right corner.
