Description

Issue Description:

Admin --> Login --> Dashboard --> Surveys --> When admin copies any surveys then the new copy surveys ID is not arriving

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL `consumeraffairs.digitalnoticeboard.biz/admin/survey/list`. The page displays a 'Surveys' table with the following columns: Survey ID, Survey Title, Zone, Markets, Categories, Surveyors, Status, and Action. The table contains five rows of survey data. The first two rows have placeholder '#' characters in the 'Survey ID' column, which are highlighted with a red box. The other three rows have actual IDs: #WA280211, #HE280210, and #NE27028. The 'Status' for all surveys is 'Active'. The 'Action' column contains icons for toggle, view, edit, and delete.
