## Description

Issue Description:

Admin --> Login Deactivate User --> Deactivate user should not be able to log in but currently deactivate user is able to log on web

See attached screenshot/screen Record:

The screenshot displays a web dashboard for 'Consumer Affairs | Admin Dashboard'. The main content area features four 'Submitted Price Data' cards, each showing a value of 235. Below these is a 'Price Data' section with two bar charts, both titled 'Meat'. The first chart shows data for 'Wings', 'Thighs', 'Neck', 'Marlon', and 'Backs' under the 'No Brand' category. The second chart shows data for 'Wings', 'Thighs', and 'Neck' under brands 'Pure Wesson', 'Essential Everyday', and 'Roberts'. A sidebar on the left contains navigation links: Dashboards, Users, Zone, Market, Categories, Brands, UOM, Commodities, Surveys, and Submitted Survey. A user profile dropdown in the top right corner is highlighted with a red box, displaying 'My User Investigation Officer'. The Windows taskbar at the bottom shows the search bar, taskbar icons, and system tray with the date '05-03-2025' and time '11:23 AM'.
