Description

The screenshot shows a web browser window with the URL `wasco-billing-analytics-ui.netlify.app/reset-password`. The page features the Wasco logo (a water drop with a globe) and the heading "Reset Password". A light blue message box states: "A verification code has been sent to your registered email address. Please check your inbox and enter the code below, along with your new password, to reset your account." Below this are three input fields: "Enter Verification Code", "New Password", and "Confirm Password", followed by a blue "Reset Password" button. An error notification in the top right corner reads: "The information you entered is not associated with an account. Please check and try again." The browser's taskbar at the bottom shows the system tray with weather (83°F Sunny), search, and various application icons, along with the time 4:46 PM on 3/7/25.
