<b>Target version:</b>		<b>Spent time:</b>	1.25 hour

### Description

The screenshot shows a web browser window with a microphone icon and a notification: "We have encountered an error in Speech Recognition Service, please try again. Error Code: 1002". The browser address bar shows "wasco-billing-analytics-ui.netlify.app/user/profile". A blue banner at the top displays "24 Hour Emergency +91 90 XXXX-XXXX" and a success message: "Guest user created successfully". Below the banner, the page content includes a "WASCO" logo, a sidebar menu with options like "Dashboard", "Bills & Payments", "Transactions", "Consumption", "Compare", "Profile", and "Logout". The main content area shows "Account Number (0112018) - EARL LEWIS", a heading "Your Username is linked to the following Accounts", and a form with "Guest Email" and "Guest Email Confirm" fields, both containing "ravi@yopmail.com". Under "Access Settings", there are checkboxes for "Transactions" (checked), "Bills & Payments", "Compare", and "Consumption". Buttons for "Check All" and "Send Invite" are visible. At the bottom, a "List of Guest Users" section is partially visible. The Windows taskbar at the bottom shows the date and time as 12:07 PM 3/11/25.
