Description

Issue Description:

Date Fields Default to "dd-mm-yyyy": No placeholder text or validation error is shown if users enter incorrect formats.

See attached screenshot:

The screenshot shows a web application interface for a 'Submitted Survey Report'. The filter section includes various dropdown menus and text input fields. The 'Start Date' field is set to '21-03-2025' and is highlighted with a red box. Below the filter is a table with columns: S.No., Survey Title, Commodity, Image, Zone, Survey assignee, Market, Category, and Uni. The 'Commodity' column header is also highlighted with a red box. The browser's address bar shows the URL: 'consumeraffairs.digitalnoticeboard.biz/admin/submitted/survey-details/filter?sid=28&amount...'. The Windows taskbar at the bottom shows the time as 04:53 PM on 12-03-2025.
