Description

Issue Description:

if the admin selects 3 zones, then inside 3 zone markets should be displaying but currently only one zone market is displaying

See attached screenshot:

The screenshot shows a web browser window with the URL `affairs.digitalnoticeboard.biz/admin/survey/list`. The page displays a sidebar with navigation options like 'Dashboard', 'Survey Management', 'Survey', 'Submitted Survey', 'Zone', 'Market', 'Categories', 'Brands', 'UOM', and 'Commodities'. The main content area shows the 'Add Survey' form. The form has a title 'Add Survey' and a subtitle 'Please enter the following Data'. It contains several input fields: a text field with 'thursday Task 1 for overdue', a 'Zone' field with 'BASSETERRE ZONE' and 'Noida Zone', a 'Category' field with 'Select Category *', 'Meat', and 'Oil', a date field with 'dd-mm-yyyy', and a checkbox field with 'Active'. A red box highlights the 'Zone' field, and another red box highlights the 'Market' dropdown menu, which is open and shows a list of markets: 'Daily Foods', 'Island Food', 'Kings Pavilion', and 'Valu Mart'. The 'Add Survey' button is visible at the bottom of the form.
