### Description

Issue Description:

Admin --> Login --> Dashboard --> Report --> Filter --> show "No Data Found" when admin doesn't get any data

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL `affairs.digitalnoticeboard.biz/admin/survey-report/filter?survey_id=wwjkejwejk&name=&zone=&start_date=&end_date=`. The page displays a 'Survey Reports' section with a search filter. The search criteria include 'wwjkejwejk' for Survey Title, 'Select Zone' for Zone, and date pickers for Start Date and End Date. A 'Filter' button is visible. Below the search filters is a table with the following columns: Survey ID, Survey Title, Zone, Markets, Categories, Compliance Officers, Status, and Report. The table is currently empty, and a red box highlights the message 'No data found' in the center of the table area. The left sidebar contains navigation options: Dashboard, Survey Management, Report, User Management, Role, Enquiry List, Complaint Management, Feedback, CMS, and Logout. The top right corner shows the user 'Cosumer Affairs Admin'. The Windows taskbar at the bottom shows the time as 05:18 PM on 11-04-2025.
