<b>Target version:</b>		<b>Spent time:</b>	0.00 hour

### Description

Issue Description:

Landing page --> Bottom content --> Privacy policy --> Need to make dynamic, currently all text content is arriving static

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL [24gy.com/privacy-policy](https://24gy.com/privacy-policy). The page features a blue header with the 24GY logo and navigation links: Home, About Us, Partner With Us, Blog, and Help & Support. A prominent blue banner contains the text 'PRIVACY POLICY'. Below this, the page content includes the heading 'Privacy Policy for 24GY E-commerce Mobile & Web Apps' and a paragraph stating: 'This Privacy Policy describes how 24GY ("we", "our", or "us") collects, uses, maintains, and shares information obtained from users ("you" or "users") of our e-commerce web and mobile apps available on Google Play Store and Apple Store'. Under the heading '1. Information We Collect', it states: 'We may collect personal identification information from users in various ways, such as when you:' followed by a bulleted list: 'Download and use our app' and 'Register an account'. The browser's taskbar at the bottom shows the Windows logo, search bar, and various application icons, with the system tray displaying '35°C' and the date '14-04-2025'.
