Description

Issue Description:

Admin --> Login --> Dashboard --> add survey --> submit survey without data, then validations arrive then close the pop-up model, again clicks on the add button, then model screen does not refresh

See attached screenshot/screen Record:

The screenshot shows a web browser window with the URL `affairs.digitalnoticeboard.biz/admin/survey/list`. The main content is a modal form titled "Add Survey" with the instruction "Please enter the following Data". The form has two columns of fields. The left column includes: Survey Title (text input with "Dummy server Report" and error "The name field is required."), Zone (dropdown with "Select" and error "The zone field is required."), Category (dropdown with "33 selected" and error "The category field is required."), Investigation Officer (dropdown with "Select" and error "The investigation field is required."), and From Date (date input with "dd-mm-yyyy" and error "The from date field is required."). The right column includes: Type (dropdown with "Food Basket" and error "The type field is required."), Store (dropdown with "Select" and error "The store field is required."), Compliance Officer (dropdown with "Select" and error "The compliances officer field is required."), Chief Investigation Officer (dropdown with "Select" and error "The chiefinvestigation field is required."), and To Date (date input with "dd-mm-yyyy" and error "The to date field is required."). The background shows a sidebar menu with "Survey Management" and "Survey" highlighted, and a table of surveys with columns for "Status" and "Action".
