Description			
Go with URL:- https://dev.lfsc.digitalnoticeboard.biz/admin/dashboard			
Login with Credit unions Dashboard			
Actual result:- 1. Why this "Trust comp & manager" data is coming in the "CREDIT UNIONS" sector? 2. web users of that credit unions sector should come in Uploaded By, but why are these other web users' names coming up?			
Expected result:- 1. Only that sectors entity should display at the dashboard with which user is logged in at the license panel. 2. web users should also come from the same sector in the Uploaded By column.			
See attached screenshot for reference
