Description			
<ol style="list-style-type: none">1. keep video icon, cancel icon same in doctor & patient mobile2. Patient not getting profile icon of doctor on mobile screen3. If call not picked or cut by anyone then after some time it should cut automatically within 1 minute like as whatsapp but here it is continuing from 10 minutes4. While sending invitation it should not say Invitation send successfully5. If someone(like doctor) left meeting then show message or text on another user mobile screen i.e. on patient mobile screen - Dr Sudhir left
