**Description**

Steps to reproduce:-
1.open the application
2.Create a account by using Indian mobile number
3. while login the application select other country code and enter the mobile number & password and click on continue
4. user is able to login

Expected:- user should not able to login .

**History**

**#1 - 09/09/2022 03:12 PM - Pravin J**

*- Subject changed from I have created account from india > while login the application >I am selecting other country code > enter the mobile number & password >I am able login successfully to 1*

*- Status changed from New to Closed*
