Target version:		Spent time:	0.00 hour
Description			
New restaurant added from back end-> with the same number using made previously one restaurant-> last restaurant status off -> we would be able to make new restaurant by using same mobile number. It should say that you have already used the same mobile number either status on or may be off Example ; food garage & Indian taste			

History

#1 - 10/07/2021 12:18 PM - amir r

- Status changed from New to Resolved

status change validation removed and added mobile number validation.

#2 - 10/08/2021 04:54 PM - Minal Watmode

- Status changed from Resolved to Closed
