HelpDesk - Bug #5828

Compac >> side menu >> customer Details module >> Add customer page >> check issues in Description

02/13/2023 12:34 PM - Abhishek k

Status:	Resolved		**Start date:**	02/13/2023
Priority:	High		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:			**Spent time:**	0.00 hour

Description

1. users are not able to add location through map
2. once we save the customer details , page should be refreshed and user should navigate to customer page
3. Edit customer>> when we go through edit option, existing data should be displayed in text field
4. user is not able to view the customer details
5. customer page Spelling mistake >>
A. postal code should be instead of post code.
B. state should be instead of state code.
c. Location code column having data of job title field
D. created on and modify by column getting blank.
E. Address Line column name should be instead of contact column name.
F. Spelling mistake in cancel button

6. Delete customer >> once we click on delete button ,alert message is being displayed on bottem of the screen and duplicate message being displayed on every click.
