

Quikrbox Delivery Boy App - Bug #9118

Driver APK --> If driver login with two Devices --> Check Issue below

01/11/2024 12:38 PM - Mohd Irfan

Status:	Feedback	Start date:	01/11/2024
Priority:	Normal	Due date:	
Assignee:	Dharamveer S	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Issue description:			
if the store applicant assigned items to the store delivery boy then the Pop-Up screen "accept order" does not come to the delivery boy application, while the application is open (This scenario was checked with two mobile login devices, when the driver login with two devices)

- Status changed from New to Feedback

#2 - 01/12/2024 03:23 PM - Deepak Biltoria

- Assignee changed from Deepak Biltoria to Dharamveer S

its a notification issue, it can be resolved by backend team, they can decide whether they wanna send notification to all the drivers or they not gonna log in a delivery boy with two separate devices, so that one single device receives notifications.
